
20L METAL FUEL CAN - PRODUCED TO MEET MILITARY STANDARDS

➤ **Produced to meet military standards**

➤ **VALPRO Ltd.** manufactures military metal fuel cans since year 2000 and until now have produced and supplied more than one million metal fuel cans to various NATO armies and related forces.

- Produced according to TL 7240-0022 (7240-12-179-5054);
- Manufactured from hot-dip aluminium-silicon (AS) coated steel (coating min. 50 g/m²);
- The inside of the can is lined with fuel resistant coating to prevent rusting (thickness of the paint min. 30 µm);
- The outside of the can is coated with special military paint - powder RAL6031 or wet paint, which absorbs infra-red light (thickness of the paint min. 70 µm);
- Tested and approved rubber seal.
