
INFLATABLE STRUCTURES

- Aviatema Equipment inflatable structures for commercial/military aircraft maintenance, military personnel training, equipment storage room, emergency response facilities, etc.

- Aviatema Equipment inflatable structures is a great solution for any kind of commercial/military aircraft fuselage, engine maintenance/change or as inflatable hangar. Shelter works as a great substitute for hangar, eliminating any delays due to hangar space availability or high costs of hangar rent.

Inflatable structures can be used for military personnel training, equipment storage room, emergency response facilities, etc.

Our inflatable structures can be manufactured for any type of needs, for both short term and long term use. Each shelter/hangar is made upon customer customisation requests regarding dimensions, clearances, additional equipment, etc.

Each structure takes from 1 to 30 minutes of setup time. Each inflatable comes with portable transporting box, which makes it eas...
