➤ FIGHTING COVID-19 WITH HILLTIP DISINFECTION SPRAYERS

In the past weeks cities all over the world have decided to use disinfectant sprayers to kill the virus of covid-19. They are spraying disinfectants on "hot spots" as main streets, hospital areas, bus stops, grocery store parking lots, playgrounds and other surfaces that may help spreading the virus.

Under what conditions and with what risks in terms of material compatibility can disinfectants be used in HILLTIP Spraystriker™ or Icestriker™?

Normally our Spraystikers & Icestrikers are filled with salt brine solutions or water but right now many of them are spreading disinfections. In addition to their day-to-day business, our colleagues in charge had to deal with a large number of queries in the past few days concerning the material compatibility of a wide range of disinfectants. There are no official recommendati...
