
BODY CAMERA

> Motorola body camera

- > The Motorola body camera is a small, compact and lightweight device that records video and audio in real time. Motorola's body camera is the perfect way to provide reliable evidence first hand.

360-Degree Coverage: The radars offer full, uninterrupted coverage, crucial for monitoring wide perimeters.

Long Range Operation: Navtech radars can function over several kilometers, providing broad-range surveillance.

Continuous Operation in All Conditions: They perform regardless of lighting, visibility, or weather conditions, such as fog, rain, snow, or darkness.
